|---------------------|-------------------------------------------------------------------------------------------------------------|
| Compliance standard | ANSI/ISEA 107 Class 3 or EN ISO 20471 Class 3 (or local road-authority equivalent)                          |
| Base colour         | Fluorescent orange or yellow                                                                                |
| Reflective tape     | Minimum 2" silver reflective strips, 360° body coverage for night headlight visibility                      |
| Material            | Breathable polyester mesh (day/summer variant); waterproof/insulated variant for night and wet-weather work |
| Features            | High collar, zip front closure, multiple pockets, adjustable waist/cuffs                                    |
| Sizing              | Full range S–XXL to fit entire crew                                                                         |
| Additional variant  | Optional bib/trouser or full-body coverall in same standard for night shifts                                |

5-meter Single Mode LC-ST Fiber Patch Cord Specifications

- **Fiber Type:** Singlemode OS2 9/125µm
- **Fiber Count:** Duplex (2-fiber)
- **Connector Type:** LC to ST
- **Polish:** UPC to UPC
- **Cable Length:** 5 meter
- **Cable Diameter:** 2.0 mm
- **Tensile Strength:** 150 N
- **Insertion Loss:** ≤0.3 dB
- **Return Loss:** ≥50 dB
- **Repeatability:** ≤0.1 dB
- **Durability:** ≤0.2 dB (1000 matings)
- **Jacket Material:** PVC or LSZH (Low Smoke Zero Halogen) for safety compliance
- **Jacket Color:** Yellow
- **Operating Temperature:** -20°C to 60°C
- **Storage Temperature:** -40°C to 85°C
- **Compliance:** ANSI/TIA-568.3-D, ITU-T G.657.A1, IEC 61300-3-4, IEC 61300-3-6, IEC 60874-1, Telcordia GR-326-CORE, RoHS compliant

15-meter Single Mode LC-ST Fiber Patch Cord Specifications

- **Fiber Type:** Singlemode OS2 9/125µm
- **Fiber Count:** Duplex (2-fiber)
- **Connector Type:** LC to ST
- **Polish:** UPC to UPC
- **Cable Length:** 15 meter
- **Cable Diameter:** 2.0 mm
- **Tensile Strength:** 150 N
- **Insertion Loss:** ≤0.3 dB
- **Return Loss:** ≥50 dB
- **Repeatability:** ≤0.1 dB
- **Durability:** ≤0.2 dB (1000 matings)
- **Jacket Material:** PVC or LSZH (Low Smoke Zero Halogen) for safety compliance
- **Jacket Color:** Yellow
- **Operating Temperature:** -20°C to 60°C
- **Storage Temperature:** -40°C to 85°C
- **Compliance:** ANSI/TIA-568.3-D, ITU-T G.657.A1, IEC 61300-3-4, IEC 61300-3-6, IEC 60874-1, Telcordia GR-326-CORE, RoHS compliant

20-meter Single Mode LC-ST Fiber Patch Cord Specifications

- **Fiber Type:** Singlemode OS2 9/125µm
- **Fiber Count:** Duplex (2-fiber)
- **Connector Type:** LC to ST
- **Polish:** UPC to UPC
- **Cable Length:** 20 meter
- **Cable Diameter:** 2.0 mm
- **Tensile Strength:** 150 N
- **Insertion Loss:** ≤0.3 dB
- **Return Loss:** ≥50 dB
- **Repeatability:** ≤0.1 dB
- **Durability:** ≤0.2 dB (1000 matings)
- **Jacket Material:** PVC or LSZH (Low Smoke Zero Halogen) for safety compliance
- **Jacket Color:** Yellow
- **Operating Temperature:** -20°C to 60°C
- **Storage Temperature:** -40°C to 85°C
- **Compliance:** ANSI/TIA-568.3-D, ITU-T G.657.A1, IEC 61300-3-4, IEC 61300-3-6, IEC 60874-1, Telcordia GR-326-CORE, RoHS compliant

30-meter Single Mode LC-ST Fiber Patch Cord Specifications

- **Fiber Type:** Singlemode OS2 9/125µm
- **Fiber Count:** Duplex (2-fiber)
- **Connector Type:** LC to ST

- **Polish:** UPC to UPC
- **Cable Length:** 30 meter
- **Cable Diameter:** 2.0 mm
- **Tensile Strength:** 150 N
- **Insertion Loss:** ≤0.3 dB
- **Return Loss:** ≥50 dB
- **Repeatability:** ≤0.1 dB
- **Durability:** ≤0.2 dB (1000 matings)
- **Jacket Material:** PVC or LSZH (Low Smoke Zero Halogen) for safety compliance
- **Jacket Color:** Yellow
- **Operating Temperature:** -20°C to 60°C
- **Storage Temperature:** -40°C to 85°C
- **Compliance:** ANSI/TIA-568.3-D, ITU-T G.657.A1, IEC 61300-3-4, IEC 61300-3-6, IEC 60874-1, Telcordia GR-326-CORE, RoHS compliant

#### RFQ618-26

SC-SC Pigtails (UPC)

- Singlemode fiber: ITU-T G.652
- Standard: Telcordia GR-326-CORE
- Standard housing, ceramic ferrule
- Cable diameter: 2.0mm
- Fiber type: 9/125µm
- Insertion loss: SM Less than 0.3db
- \*Return loss: UPC SM Larger than 50db
- Repeatability: Less than 0.2db
- Changeability: Less than 0.1db
- Operating temperature range: -40°C ~ 80°C
- Storage temperature range: -40°C ~ 80°C
- Tensile strength: 100N
- Min. bending radius: 35mm

LC-LC PIGTAILS (UPC)

- Singlemode fiber: ITU-T G.652
- Standard: Telcordia GR-326-CORE
- Standard housing, ceramic ferrule
- Cable diameter: 2.0mm
- Fiber type: 9/125µm
- Insertion loss: SM Less than 0.3db
- Return loss: UPC SM Larger than 50db
- Repeatability: Less than 0.2db
- Changeability: Less than 0.1db
- Operating temperature range: -40°C ~ 80°C
- Storage temperature range: -40°C ~ 80°C
- Tensile strength: 100N
- Min. bending radius: 35mm

#### RFQ619-26

##### 3m SC–SC Duplex Patch Cord

Connector Type: SC to SC duplex

Fiber Type: Single-mode

Cable Length: 3m meters

Jacket Material: LSZH / PVC

Ferrule Type: Ceramic (UPC/APC as required)

Cable Construction: Duplex zipcord

Insertion Loss: ≤ 0.3 dB

Return Loss: ≥ 50 dB (UPC) / ≥ 60 dB (APC)

Compliance: IEC / TIA-EIA standards

##### 5m SC–SC Duplex Patch Cord

Connector Type: SC to SC duplex

Fiber Type: Single-mode

Cable Length: 5m meters

Jacket Material: LSZH / PVC  
Ferrule Type: Ceramic (UPC/APC as required)  
Cable Construction: Duplex zipcord  
Insertion Loss:  $\leq 0.3$  dB  
Return Loss:  $\geq 50$  dB (UPC) /  $\geq 60$  dB (APC)  
Compliance: IEC / TIA-EIA standards

**3m ST–ST Duplex Patch Cord**

Connector Type: ST to ST duplex  
Fiber Type: Single-mode  
Cable Length: 3m meters  
Jacket Material: LSZH / PVC  
Ferrule Type: Ceramic (UPC/APC as required)  
Cable Construction: Duplex zipcord  
Insertion Loss:  $\leq 0.3$  dB  
Return Loss:  $\geq 50$  dB (UPC) /  $\geq 60$  dB (APC)  
Compliance: IEC / TIA-EIA standards

**5m ST–ST Duplex Patch Cord**

Connector Type: ST to ST duplex  
Fiber Type: Single-mode  
Cable Length: 5m meters  
Jacket Material: LSZH / PVC  
Ferrule Type: Ceramic (UPC/APC as required)  
Cable Construction: Duplex zipcord  
Insertion Loss:  $\leq 0.3$  dB  
Return Loss:  $\geq 50$  dB (UPC) /  $\geq 60$  dB (APC)  
Compliance: IEC / TIA-EIA standards

**RFQ620-26**

**0–15km Media Converters 10/100/1000 with PoE Gigabit A & B Set**

Type: Gigabit Ethernet Fiber Media Converter (A & B pair)  
Data Rate: 10/100/1000 Mbps auto-sensing  
Transmission Distance: Up to 15 km (single-mode fiber)  
Fiber Interface: SC/LC  
Copper Interface: RJ45 Ethernet port  
PoE Standard: IEEE 802.3af/at (PoE/PoE+)  
Power Output: Up to 30W per port

Wavelength: 1310 nm / 1550 nm  
Mode: A & B pair (TX/RX matched set)  
Power Supply: External AC/DC adapter included  
Compliance: IEEE 802.3, IEEE 802.3u, IEEE 802.3ab

**0–30km Media Converters 10/100/1000 with PoE Gigabit A & B Set**

Type: Gigabit Ethernet Fiber Media Converter (A & B pair)  
Data Rate: 10/100/1000 Mbps auto-sensing  
Transmission Distance: Up to 30 km (single-mode fiber)  
Fiber Interface: SC/LC  
Copper Interface: RJ45 Ethernet port  
PoE Standard: IEEE 802.3af/at (PoE/PoE+)  
Power Output: Up to 30W per port

Wavelength: 1310 nm / 1550 nm  
Mode: A & B pair (TX/RX matched set)  
Power Supply: External AC/DC adapter included  
Compliance: IEEE 802.3, IEEE 802.3u, IEEE 802.3ab

**0–60km Media Converters 10/100/1000 with PoE Gigabit A & B Set**

Type: Gigabit Ethernet Fiber Media Converter (A & B pair)  
Data Rate: 10/100/1000 Mbps auto-sensing

Transmission Distance: Up to 60 km (single-mode fiber)  
Fiber Interface: SC/LC (as required)  
Copper Interface: RJ45 Ethernet port  
PoE Standard: IEEE 802.3af/at (PoE/PoE+)  
Power Output: Up to 30W per port  
Wavelength: 1550 nm / 1490 nm  
Mode: A & B pair (TX/RX matched set)  
Power Supply: External AC/DC adapter included  
Compliance: IEEE 802.3, IEEE 802.3u, IEEE 802.3ab, ITU-T G.957/G.652

RFQ 621-26

|                      |                                                                                                                          |
|----------------------|--------------------------------------------------------------------------------------------------------------------------|
| Type                 | Portable handheld/desktop thermal-transfer label printer                                                                 |
| Print technology     | Thermal transfer (not direct thermal) for long-term fade/scratch resistance                                              |
| Label media          | Self-laminating cable-wrap labels, heat-shrink sleeves, and general adhesive labels; width range approx. 6–24 mm         |
| Durability of output | UV-, heat-, moisture- and chemical-resistant label stock suitable for outdoor/underground fiber environments             |
| Print resolution     | ≥ 200 dpi for small-font legibility on narrow cable-wrap labels                                                          |
| Input method         | Built-in keyboard/keypad and display, plus PC/Bluetooth/mobile-app connectivity for template design and bulk label lists |
| Memory/templates     | Internal memory for saved label templates, symbols, and barcode/QR formats                                               |
| Barcode/QR support   | Yes — for asset/port tracking integration with GIS or network management systems                                         |
| Power source         | Rechargeable Li-ion battery (for field use) with AC adapter option; auto power-off                                       |
| Durability           | Rugged casing with protective cover, built-in cutter/blade guard                                                         |

RFQ 622-26

|                    |                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------|
| Processor          | Intel Core i5/i7 (11th gen or newer) or equivalent                                                                    |
| Memory / storage   | 16 GB RAM minimum; 512 GB SSD                                                                                         |
| Operating system   | Windows 10/11 Pro (64-bit)                                                                                            |
| Display            | 14”–15.6”, anti-glare/matte finish for outdoor daylight readability                                                   |
| Battery life       | ≥ 8 hours field use                                                                                                   |
| Connectivity       | Wi-Fi 6, Bluetooth 5, RJ45 Ethernet, USB-A/C, HDMI, SD card reader                                                    |
| Mobile data option | Built-in or USB 4G/5G modem for remote link access                                                                    |
| Durability         | Rugged/semi-rugged chassis (MIL-STD-810G desirable) or weatherproof field sleeve; spill-resistant keyboard            |
| Software loadout   | OTDR/splicer trace analysis suite, fiber network GIS mapping, traffic-controller/CCTV configuration tools, VPN client |
| Security           | Full-disk encryption, company VPN, endpoint protection                                                                |

RFQ 623-26

|                 |                                                                          |
|-----------------|--------------------------------------------------------------------------|
| Type            | Portable petrol inverter generator                                       |
| Power output    | 2–5 kVA continuous                                                       |
| Output voltage  | 220–240V AC, single phase (plus DC/USB outlets)                          |
| Noise level     | < 60 dB at 7 m (low-noise for CBD night work near residences/offices)    |
| Runtime         | ≥ 8 hours at 50% load on a full tank                                     |
| Safety features | Low-oil auto shutdown, overload protection, earth-leakage/RCD protection |
| Portability     | Wheel kit and carry handles                                              |

RFQ 624-26

|                  |                                                                                                                                                                                                                          |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Operating system | Android 12+ (widest compatibility with field/network apps)                                                                                                                                                               |
| Display          | 6.1”–6.7”, Gorilla Glass or equivalent for drop resistance                                                                                                                                                               |
| Battery          | 4,500 mAh+ with fast charging (resilience against local load-shedding/power interruptions)                                                                                                                               |
| Camera           | 80 MP+ rear camera, for documenting splice trays, cable IDs and site conditions                                                                                                                                          |
| Storage          | 256 GB+ (photos, OTDR trace exports, offline maps)                                                                                                                                                                       |
| RAM              | 8 GB+                                                                                                                                                                                                                    |
| Connectivity     | Dual SIM — supporting Zimbabwean network providers (Econet, NetOne, Telone Blaze) so coverage/data is available across all CBD sites regardless of network outages on any one provider; GPS/GLONASS; Bluetooth 5.0+; NFC |
| Durability       | IP67/IP68 dust and water resistance recommended for field use                                                                                                                                                            |
| Apps loadout     | Offline-capable GPS/mapping (e.g. Google Maps offline, GIS apps), ticketing/CRM app, OTDR/splicer companion apps for Bluetooth trace transfer, WhatsApp/email for reporting                                              |

RFQ625-26 SPECIFICATIONS

| Traffic Cones     |                                                                                                                | Amber Beacon light |                                                                              |
|-------------------|----------------------------------------------------------------------------------------------------------------|--------------------|------------------------------------------------------------------------------|
| Height            | 700 mm–1000 mm (standard road-works grade)                                                                     | Colour             | Amber/yellow (standard road-hazard warning colour)                           |
| Material          | PVC or rubber, weighted/self-righting base for wind and traffic-draft stability                                | Type               | Rotating beacon or high-intensity LED strobe                                 |
| Colour & markings | Fluorescent orange body with two reflective collar bands for night visibility                                  | Power source       | 12V DC vehicle-mounted, or rechargeable battery/magnetic-mount portable unit |
| Quantity per crew | Minimum 10 units per work site depending on road classification, to allow proper taper/buffer/work-zone layout | Visibility         | 360° visibility, effective visible range ≥ 500 m at night                    |
| Portability       | Stackable/nesting design for vehicle transport                                                                 | Weatherproofing    | IP65 or better                                                               |
|                   |                                                                                                                | Modes              | Rotating, strobe, and steady-burn options                                    |

RFQ626-26 FIBER OUTDOOR WORK BENCH

|                |                                                                                                                                                       |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Type           | Foldable/portable field splicing table and workstation                                                                                                |
| Frame material | Lightweight, corrosion-resistant aluminium                                                                                                            |
| Work surface   | Minimum 600 mm × 400 mm, adjustable height                                                                                                            |
| Features       | Cable/fiber organiser trays, tool tray, integrated or clip-on work light for night use, wind/rain shield attachment points, non-slip stabilising legs |
| Load capacity  | Sufficient to hold splicer, OTDR, power meter and accessories simultaneously                                                                          |
| Portability    | Folds flat for vehicle transport; carry bag or case                                                                                                   |

RFQ627-26 TENTS

|             |                                                                                                          |
|-------------|----------------------------------------------------------------------------------------------------------|
| Type        | Pop-up work shelter / gazebo-style field tent                                                            |
| Size        | 2 m × 2 m footprint                                                                                      |
| Material    | Waterproof, UV-resistant, flame-retardant fabric canopy                                                  |
| Frame       | Lightweight aluminium/steel, quick-erect pop-up mechanism (single or two-person setup)                   |
| Features    | Removable side walls/wind flaps, mesh ventilation windows, sandbag/stake tie-down kit for wind stability |
| Night use   | High-visibility panel or reflective trim; compatible with clip-on lighting                               |
| Portability | Carry bag with wheels, weight suitable for two-person field deployment                                   |
