

COMPETITIVE BIDDING TENDER DOMESTIC (CBTD)57-26

INVITATION TO BID

**FOR THE FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A LIGHTNING
PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES**

Tender Closing Date: 23 July 2026

Time: 1100 hours

**BIDDING DOCUMENT FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A
LIGHTNING PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES**

PROCUREMENT REFERENCE NO: CBTD 57-26

Standard Bidding Document for the Procurement of:

**THE SUPPLY, INSTALLATION AND COMMISSIONING OF A LIGHTNING PROTECTION
AND EARTHING SYSTEM FOR TELECOM SITES**

Procurement Reference No: CBTD 57-26

Procuring Entity: TelOne Zimbabwe

Date of Issue:

**BIDDING DOCUMENT FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A
LIGHTNING PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES**

PROCUREMENT REFERENCE NO: CBTD 57-26

PART 1: BIDDING PROCEDURES

Procurement Reference Number: CBTD 57-2026

Preparation of Bids

You are requested to bid for the supply, installation and commissioning of a lightning protection and earthing system by completing and returning the following documentation:

1. Completed and signed Bid Submission Sheet in this Part;
2. The Statement of Requirements in Part 2;
3. Bid validity period of 60 days (bidders should state)
4. Completed and signed bid securing declaration in the format specified in Annex F
5. At least three written reference (in the form of official letters from client companies) for the installation of a lightning and earthing system for a telecom site.
6. Bidders are required to submit technical design drawings of the lightning protection and earthing solution to be installed.
7. A copy of:
 - i. Current Tax Clearance Certificate
 - ii. VAT certificate
 - iii. CR6 showing Company Directors
 - iv. Certificate of Incorporation

The tender should have a table of contents with marked pages.

You are advised to carefully read the complete Bidding Document, before preparing your Bid.

The standard forms in this document may be retyped for completion but the Bidder is responsible for their accurate reproduction. All pages of the Bid must be clearly marked with the Procurement Reference Number above and the Bidder's name and any reference number.

Number of bids allowed

No Bidder may submit more than one bid, either individually or as a joint venture partner in another Bid, except as a subcontractor. Where the procurement is divided into lots and packages, only one Bid can be submitted. A conflict of interest will be deemed to arise if bids are received from more than one Bidder owned, directly or indirectly, by the same person.

Clarification

Clarification of the bidding document may be requested in writing by any Bidder before 20 July 2026 and should be sent to:

The Procurement Management Unit Executive
TelOne
P O Box CY331

**BIDDING DOCUMENT FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A
LIGHTNING PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES**

PROCUREMENT REFERENCE NO: CBTD 57-26

Causeway, Harare, Zimbabwe

Email: takeiteasy.chindondondo@telone.co.zw; caroline.chikukutu@telone.co.zw and cladios.chenga@telone.co.zw

Site Visit

There shall be a mandatory site visit to be done on Friday 17 July 2026 at Msasa RLU at 10am.

For the site visit, kindly coordinate with Eng. David Chikoani on 0773471076

Validity of Bids

The minimum period for which the Bidder's bid must remain valid is 60 days from the deadline for the submission of bids.

Submission of Bids

- a) Bids must be submitted in writing in a sealed envelope to the address below, no later than the date and time of the deadline below. It is the Bidder's responsibility to ensure that they receive a receipt confirming submission of their bid that has correct details of the Bidder and the number of the Bid.
- b) The Bidder must mark the envelope with the Bidder's name and address and the Procurement Reference Number.
- c) The bidder must submit one (1) original and two (2) copies of the tender document clearly marked as "original" and "copy". In the event of any discrepancy between them, the original shall govern. The original and all copies of the tender shall be typed or written in indelible ink and shall be signed by the bidder or a person/persons duly authorized to bind the bidder to the contract.

Late bids will be rejected. The Procuring Entity reserves the right to extend the bid submission deadline but will notify all potential bidders who have collected the bidding documents of the amended bid submission deadline.

Date of deadline: 23 July 2026

Time: 1100 hours Zim Time

Submission address: The Procurement Management Unit Executive,
TelOne,
8th Floor,
Runhare House, South Wing
107 Kwame Nkrumah Ave
HARARE, ZIMBABWE

Means of acceptance: The tender shall be enclosed in an envelope which shall be sealed and marked on the outside with the advertised tender number, description, closing date and time and must be hand delivered to the above stated address.

**BIDDING DOCUMENT FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A
LIGHTNING PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES**

PROCUREMENT REFERENCE NO: CBTD 57-26

Bid opening

Bidders and their representatives may witness the opening of bids, which will take place via google meeting on the date of submission. The link can be requested on the following email: procurement@telone.co.zw

Withdrawal, amendment or modification of Bids

A Bidder may withdraw, substitute, or modify its Bid after it has been submitted by sending a written notice, duly signed by an authorized representative. However, no Bid may be withdrawn, substituted, or modified in the interval between the deadline for submission of Bids and the expiration of the period of Bid validity specified by the Bidder or any extension of that period.

Delivery Requirements

The delivery period required (from the date of contract signing) and the final destination for delivery are as indicated in the Delivery Schedule in Part 2.

Bid Prices and Discounts

The prices and discounts quoted by the Bidder in the Bid Submission Form and in the Price Schedules must conform to the requirements specified below.

Prices must be quoted as specified in the Price Schedule included in Part 2 Statement of Requirements. In quoting prices, the Bidder is free to use transportation through carriers registered in any eligible country and similarly may obtain insurance services from any eligible country.

Prices quoted must include the following costs and components:

- (a) For Goods
 - (i) the price of the goods and the cost of delivery to the final destination, including the relevant INCOTERM, as stated in the Delivery Schedule;
 - (ii) the custom duties to be paid on the Goods on entry in Zimbabwe, if not already included;
 - (iii) Any other applicable import taxes;
 - (iv) any sales and other taxes due within Zimbabwe which will be payable on the Goods, if not already included;
 - (v) any rebate or mark-up of the local agent or representative.
- (b) for Related Services, (other than inland transportation and other services required to convey the Goods to their final destination), whenever such Related Services are specified in the Schedule of Requirements:
the price of each item comprising the Related Services (inclusive of any applicable taxes).

**BIDDING DOCUMENT FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A
LIGHTNING PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES**

PROCUREMENT REFERENCE NO: CBTD 57-26

Evaluation of Bids

Bids will be evaluated using the following methodology:

1. Preliminary evaluation

The preliminary evaluation shall consider bidders' compliance with requirements by submitting the following mandatory requirements;

	Preliminary Tender Requirements	Compliance Status Compliant – N Not Compliant – NC
1	Completed and signed Bid Submission Sheet in this Part;	
2	Completed Statement of Requirements in Part 2;	
3	Bid validity period of 60 days (bidders should state)	
4	Completed and signed bid securing declaration in the format specified in Annex F	
5	At least three written reference (in the form of official letters from client companies) for supply and delivery of similar service	
6	A copy of Current Tax Clearance Certificate	
7	Vat Certificate	
8	A copy of CR6 showing Company Directors	
9	A copy of Certificate of Incorporation	
10	Bidders are required to submit design drawings and datasheets of the proposed system to be installed	

Bidders with outstanding deliveries shall not be considered for this tender.

FAILURE TO COMPLY WITH ANY OF THE ABOVE REQUIREMENTS WILL LEAD TO AUTOMATIC DISQUALIFICATION

2. Technical evaluation

The Technical Specifications Sheet details the minimum specification of the Goods required. The goods offered must meet this specification, but no credit will be given for exceeding the specification. The technical evaluation shall consider bidder's compliance with the technical specifications of the tender given below. The technical specifications of the project are broken down into technical components ALL of which must be complied with.

The delivery period required is measured from the date of the signing of the Contract between the Procuring Entity and the Bidder.

3. Financial evaluation and comparison to determine the evaluated price of bids and to determine the lowest evaluated bid.

Bids failing any stage will be eliminated and not considered in subsequent stages.

Evaluation criteria

The Procuring Entity's evaluation of a Bid will take into account, in addition to the Bid Price, the following criteria and methodologies.

**BIDDING DOCUMENT FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A
LIGHTNING PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES**

PROCUREMENT REFERENCE NO: CBTD 57-26

(a) **Delivery schedule:** The specified Goods are required to be delivered by the date indicated in the Delivery Schedule in Part 2. If the delivery period offered differs from the requirements in the schedule, bidder must state in their bid.

(b) **Deviation in payment schedule:** The payment schedule is stated in the contract. A Bidder may propose a deviation from the schedule and if the deviation is considered acceptable to the Procuring Entity, the Bid will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the Bid as compared with those stipulated in the SCC, at the rate of interest indicated by the Reserve Bank of Zimbabwe on the closing date for submission of bids.

(c) **Cost of major replacement components, mandatory spare parts, and service:** Bidders must state the unit prices for these items. The total cost of these items and quantities will be added to the Bid price, for evaluation purposes only.

(d) **Life Cycle Costs:** An adjustment to take into account the additional life cycle costs for the period specified below, such as the operating and maintenance costs of the Goods, including the cost to the Procuring Entity of establishing the minimum service facilities and parts inventories if not available in Zimbabwe, will be added to the Bid price for evaluation purposes only. The adjustment will be evaluated in accordance with the methodology specified below and the following information:

(e) **Lightning Protection and Earth System:** Bidders must have traceable proof of experience in similar projects.

Eligibility and Qualification Criteria

Bidder is required to meet these criteria to be eligible to participate in public procurement and to be qualified for the proposed contract. They must therefore provide any available documentation and certify their eligibility in the Bid Submission Sheet. To be eligible, Bidder must

1. have the legal capacity to enter into a contract;
2. not be insolvent, in receivership, bankrupt or being wound up, not have had business activities suspended and not be the subject of legal proceedings for any of these circumstances;
3. have fulfilled their obligations to pay taxes and social security contributions in Zimbabwe;
4. not have a conflict of interest in relation to this procurement requirement, and
5. not be debarred from participation in public procurement;

Origin of Goods

All Goods and related services must have as their country of origin an eligible country, as specified in the Contract.

Technical Criteria

The Technical Specifications Sheet details the minimum specification of the goods required. The goods offered must meet this specification, but no credit will be given for exceeding the specification. Marking criteria: Bids MUST be fully compliant with each item specification.

Currency

Bidders should quote in US\$ payable in USD.

**BIDDING DOCUMENT FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A
LIGHTNING PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES**

PROCUREMENT REFERENCE NO: CBTD 57-26

Award of Contract

The lowest evaluated bid to specification after application of any additional evaluation criteria, including any margin of preference, which is substantially responsive to the requirements of this bidding document will be recommended for award of contract. The proposed award of contract will be by issue of a Notification of Contract Award which will be effective until signature of the contract documents. Unsuccessful Bidders will receive the Notification of Contract Award.

Right to Reject

The Procuring Entity reserves the right to accept or reject any Bids or to cancel the procurement process and reject all Bids at any time prior to contract award.

Corrupt Practices

The Government of Zimbabwe requires that Procuring Entities, as well as Bidders and Contractors, observe the highest standard of ethics during the procurement and execution of contracts. In pursuit of this policy:

1. the Procuring Entity will reject a recommendation for award if it determines that the Bidder recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the Contract or been declared ineligible to be awarded a procurement contract;
2. any conflict of interest on the part of the Bidder must be declared.

**ANNEX A
BID SUBMISSION SHEET**

{Note to Bidders: Complete this form with all the requested details and submit it as the first page of your Bid. Attach the completed Statement of Requirements and any other documents requested in Part 1. Ensure that your Bid is authorised in the signature block below. A signature and authorisation on this form will confirm that the terms and conditions of this Bid prevail over any attachments. If your Bid is not authorised, it may be rejected. If the Bidder is a Joint Venture (JV), the Bid must be signed by an authorized representative of the JV on behalf of the JV, and so as to be legally binding on all the members as evidenced by a power of attorney signed by their legally authorized representatives.

Bidders must mark as "CONFIDENTIAL" information in their Bids which is confidential to their business. This may include proprietary information, trade secrets or commercial or financially sensitive information}.

Technical Specification and Compliance Sheet

Name of Bidder:

LIGHTNING PROTECTION SYSTEM TECHNICAL SPECIFICATIONS

Item No.	Item description and full technical Specification required (including applicable standards)	{Confirm full specification of items offered <u>and</u> compliance of items to detail in column b} NB Bidders to submit comprehensive datasheet to verify compliance
Design parameters:	<ul style="list-style-type: none"> Standard Compliance: Design and installation shall comply with IEC 62305-3 (Class II protection level) and NFPA 780 Chapter 6 for communication towers and shelters. Zone of Protection: The arrestor height and placement must ensure the entire tower structure and shelter, and all mounted equipment fall within the rolling sphere or protection angle method zone as specified in IEC 62305. Ground resistance must measure below 5 Ohms 	
Lightning arrestor	<ul style="list-style-type: none"> Materials: All air terminals, mounting brackets, and mechanical couplers must be heavy-duty, corrosion-resistant, and chemically compatible with the galvanized steel tower structure to prevent galvanic corrosion 	
	<ul style="list-style-type: none"> Type: Provide a solid copper blunt-tipped air termination rod with a minimum diameter of 16mm 	
	<ul style="list-style-type: none"> Height: The rod must extend a minimum of 2.0 meters above the highest appurtenance (antenna, dish, or aviation light) on the 30m tower. The lightning arrestor shall be able to withstand a wind speed of 160km/h 	
Down-conductor	<ul style="list-style-type: none"> Standard compliance of materials and dimensions must comply with IEC 62305-3 	
	<ul style="list-style-type: none"> Protection: Enclose down conductors in heavy-duty galvanized iron protective conduits from 2.5 meters above ground level down to the ground entry point to protect against mechanical impact and vandalism. 	
	<ul style="list-style-type: none"> Conductor Type: Provide a minimum of two separate down conductors installed on diagonally opposite legs of the tower to the ground as per IEC 62305-3

PROCUREMENT REFERENCE No: CBTD 57-26

Item No.	Item description and full technical Specification required (including applicable standards)	{Confirm full specification of items offered <u>and</u> compliance of items to detail in column b} NB Bidders to submit comprehensive datasheet to verify compliance
	<ul style="list-style-type: none"> Material & Size: Utilize bare, high-conductivity tape (dimensions 25mm x 3mm) or smooth-weave cable ($\Phi=9.44\text{mm}$) 	
	<ul style="list-style-type: none"> Test Link box: a test link box for inspection and maintenance of the LP system shall be installed at 1.5m above ground level. 	
	<ul style="list-style-type: none"> Tower Test Link Boxes: A dedicated, weatherproof Test Link Box shall be installed on each down conductor at a height of approximately 1.5 meters above finished ground level. The test link box shall include a removable/open lid for easy access and shall be fitted with terminals to connect the down conductor and the earthing electrodes. Test Box Enclosure & Link: The box must be UV-resistant and IP65 rated, housing a heavy-duty GI material, and shall have high-conductivity disconnecting links. The link must feature secure, dual-bolt stainless steel fastenings to allow routine manual disconnection during earth resistance testing without the use of specialized cutting or crimping tools. 	
	<ul style="list-style-type: none"> Routing: Down conductors must follow the most direct, straight vertical path to the earth termination system, avoiding sharp bends (minimum bend radius of 200mm) and loops. 	
	<ul style="list-style-type: none"> Bonding & Cleating: Securely bond conductors to the tower structure at intervals not exceeding 1.0 meter using heavy-duty, UV-stabilized, non-reactive clips. 	
Earth Termination System	<ul style="list-style-type: none"> The installed earth grid design must meet IEC 62305-3 (Type B ring earth electrode preferred) and NFPA 780 standards. 	
	<ul style="list-style-type: none"> Target Resistance: The combined, measured earth electrode resistance as measured from the test link shall be less than 5Ω under dry soil conditions. In cases of poor soil conductivity, the bidder shall use conductive aggregates to achieve this desired low resistance. 	
	<ul style="list-style-type: none"> Ring Earth Electrode: Install a continuous, 1m^2 bare conductor ring (minimum 70mm^2) buried at a depth 	

BIDDING DOCUMENT FOR THE SUPPLY, INSTALLATION AND COMMISSIONING OF A LIGHTNING PROTECTION AND EARTHING SYSTEM FOR TELECOM SITES

	<p>of at least 2 meters below ground level, encircling the entire tower foundation.</p> <ul style="list-style-type: none"> • Earth Electrodes (Rods): Drive earth rods (minimum 14mm diameter, 3.0m length) vertically into the ground at each corner of the mat, bonded directly to the ring electrode. • Connections: All subterranean joints and connections between conductors and rods must be made using permanent, high-reliability exothermic welding. • Equipotential Bonding: Provide a heavy-duty External Earth Bar (EEB) measuring 0.5m by 0.1m near the tower base, directly bonded to the tower earth ring, to connect all antenna coaxial cable shields before entering the shelter. 	
Surge Protective Devices	<ul style="list-style-type: none"> • All offered SPDs must be tested and certified by independent laboratories (e.g. KEMA, TUV, UL) to comply with: • IEC 61643-11: Low-voltage surge protective devices – SPDs connected to AC power systems. • IEC 61643-21: SPDs connected to telecommunications and signaling networks. • IEC 62305-4: Protection against lightning – Part 4: Electrical and electronic systems within structures. 	

The detailed technical evaluation will examine the technical specification of the items offered in column C and determine whether this meets the minimum specification in column B. Bidders are required to include technical literature to positively support the details provided in column C.

Declaration by the Procurement Executive

I declare that the procurement is based on neutral and fair technical requirements and bidder qualifications.

Annex E

General Conditions of Contract

Any resulting contract is subject to the Zimbabwe General Conditions of Contract (GCC) for the Procurement of Services (copy available on request) except where modified by the Special Conditions below.

Special Conditions of Contract

Procurement Reference Number: CBTD 57-26

The clause numbers given in the first column correspond with the relevant clause number of the General Conditions of Contract.

GCC reference	Special Conditions
GCC 7.5	Eligible Countries: Services from all countries are eligible.
GCC 8.1	<p>Notices: Any notice shall be sent to the following addresses:</p> <p>For the Procuring Entity, the address shall be as given in the Contract document and the contact shall be at TelOne Runhare House, 107 Kwame Nkrumah Harare, 8th Floor.</p> <p>For the Contractor, the address shall be as given in the Bid and the contact shall be</p> <p><i>{state name of contact}</i></p>
GCC 19.1	<p>Liquidated Damages: Liquidated Damages in terms of section 88 of the Act shall apply. In the case of delays in the delivery of services, the Contractor will be liable to pay damages of 0.5% of contract price per week of delay up to a maximum of 10% of contract value. If 10% is exceeded, the contract may be cancelled</p> <p>NB. The contractor will not be charged liquidated damages when the delay in delivery or performance is beyond the contractor's control and is not caused by fault or negligence on the part of the contractor.</p> <p>Packing, Marking and Documentation: The service shall meet the following special packing requirements in addition to the general requirements stated in GCC clause 21.1 : Items should be wrapped to secure against damages either in cardboard boxes or any reasonable package</p>
GCC 21.2	
GCC 22.1	Insurance: The Services shall be fully insured until full delivery is accepted.

Bid securing declaration

{The Bidder must fill in this Form in accordance with the instructions indicated, where it has been stated in the Bidding Procedures that a Bid-Securing Declaration is a requirement of bidding}.

Procurement Reference number: CBTD 57-26

Date:[date (in day, month and year format)]

Bidder's Reference Number:

To: {full name of Procuring Entity}

We, the undersigned, declare that:

We understand that, according to the terms and conditions of your bidding documents, bids must be supported by a Bid-Securing Declaration.

We accept that we may be debarred from bidding for any framework agreement with a Procuring Entity in Zimbabwe for a period of time to be determined by the Authority, if we are in breach of our obligation(s) under the bidding conditions, because:

- (a) we have withdrawn our Bid during the period of Bid validity; or
- (b) having been notified of the acceptance of our Bid by the Procuring Entity during the period of bid validity, we fail or refuse to execute the framework agreement.

We understand this Bid Securing Declaration will expire if we are not the successful Bidder, either when we receive your notification to us of the name of the successful Bidder, or twenty-eight days after the expiration of our Bid, whichever is the earlier.
